

# Canoe Rental Agreement

## Attawandaron

I, the leader in charge, confirm that I consider myself competent for the water hazards we will be experiencing, and that at least one adult in our party has Standard First Aid.

I commit to return the canoes in satisfactory condition or else will be responsible for the cost if needed in replacement or repair.

I will report any accidents that my party is involved with to the camp Ranger.

Canoes for non-Scouting members will only be used on a daily bases and with-in the waterways around the camp. They are not to be taken off the property by vehicle or trailer.
